I must have sent Haleigh hundreds of emails throughout the year and she responded to each one of them. My husband and I had numerous appointments with her regarding the menu, our band, decor, etc. RICC's food was better than I could ever explain. It started with our food tasting. Most couples I know like to have the tasting together, well we really wanted to include our parents (which made 6 of us!) and they were very accommodating. We also worked with Haleigh and the chefs about a surf and turf meal just for the two of us on the big day. The timing of the food and courses was absolutely PERFECT. The rooms were lit with hundreds of candles and the set up was exactly what we discussed (many, many times!). RICC was such a beautiful spot for pictures! We took our formal family photo on a area of the golf course that Haleigh suggested and they came out beautiful! My husband and I decided to take pictures down by the beach. I would absolutely recommend doing the beach photos just the two of you. They transport you by golf cart, bring a cooler of cocktails, and a platter of the appetizers from the cocktail hour. SO FUN! And it was a great 20 minutes to "take it all in" and get a few minutes together before the night begins. I could go on for days about how amazing RICC is. We are going on 6 months since our wedding and our friends and family are STILL talking about how beautiful our special day was. Haleigh is so easy to work with and truly makes your special day unforgettable! I give a 5 star overall rating to RICC!!
